

Support Bangladeshi Garment Workers!

A Call To Action!

WORKERS MEMORIAL DAY!

One year ago 1,100 garment workers died in the Rana Plaza factory collapse in Bangladesh. Chicago area labor, student, and social justice groups and their allies have intensified their efforts since then to support the fight for safe and just working conditions for Bangladeshi garment workers and for garment industry supply chain workers in the US. Where do we go from here? How can we make our work even more effective? Let's grow this movement together! Bring your ideas and join us!
